## Micro Pack

✓ **Essential to plant nutrition for the prevention and treatment of micronutrient deficiency.**

**Herbicide compatible**  
**Mix well before using • Store above 32° F**

**Net contents:**  
**5 gal. (18.92 L.)**

Micro Pack is a chelated combination of four elements: Zinc, Manganese, Copper, and Boron. This is essential to plant nutrition for the prevention and treatment of micronutrient deficiency.

This specific chelated mineral composition is suspended with Nano molecular technology for faster absorption and to provide a quicker response for plant up-take.

For proper application rates suitable for your geographical area, please consult the Royal-Grow website, a distributor or a trained soil specialist at Royal-Grow liquid fertilizers and soil conditioners.

Information regarding proper application rates is available at [www.royal-grow.com/applicationrates](http://www.royal-grow.com/applicationrates).

You may also call 1-888-292-5760 or send an e-mail to [info@royal-grow.com](mailto:info@royal-grow.com).

**STORAGE:** Keep out of reach of children and away from pets. Store away from food and drink. Keep from freezing. **SHAKE WELL BEFORE USING.**

**CAUTION:** Keep product away from eyes. Do not swallow or ingest this product. It is recommended that safety glasses or other protective eye wear be worn to prevent eye contact. The use of rubber, neoprene, nitrile or other protective gloves is recommended where prolonged or extensive use is expected. Remove contaminated clothing and DO NOT wear again until thoroughly cleaned. Wash hands thoroughly with soap and water after handling.

**FIRST AID: Eyes:** Immediately flush eyes with plenty of water and continue for at least 15 minutes, occasionally lifting the upper and lower eyelids. Get medical attention if irritation persists. **Skin:** Flush affected areas with plenty of water. Get medical attention if irritation persists. **Ingestion:** If this product is swallowed, do not induce vomiting. If vomiting occurs, keep head below hips to prevent aspiration (breathing) of liquid into lungs. Get medical attention immediately.
